### Parent to Teacher Questions

1. Do you have any experience in teaching a student with a visual impairment?
2. Have you seen any information on my child? Is there anything I need to clarify?
3. Has my child's Teacher of Students with Visual Impairments (TVI) and/or Certified Orientation and Mobility Specialist (COMS) contacted you yet?
4. Glare and reflective light is uncomfortable for my child. Can we find the best place for him/her to sit so that glare is reduced, but he / she can still access the parts of the room where the most instruction will take place?
5. Will my child be expected to perform tasks on a computer? If so, the TVI can provide support for accessing these tasks.
6. What are some typical near and distance tasks students will be expected to perform in different subject areas?
7. Sometimes my child will act like he/she sees what you are doing when this is not the case. I find that checking for understanding is helpful.
8. What is the best time/way for my child to communicate visual needs or difficulties?
9. What is the best time/way for me to contact you to share information?
